Sample 250 Word Story

**Gingerbread:
Quality Early Education in Fort Bend County**

This year, the Gingerbread Family of Learning Centers celebrated their six year anniversary of the Gingerbread Kids' Academy in Richmond and the 40th anniversary of The Gingerbread House Learning Center in Rosenberg.

The Gingerbread Kids' Academy and Gingerbread House Learning Center have developed an environment where children can learn and grow. The programs are designed for children ages eight weeks to 12 years and offer a variety of activities throughout the year. In addition to their exceptional education programs, the Gingerbread Centers have implemented enhanced safety and health protocols that include daily temperature checks of everyone who enters the building, hourly cleaning schedules for high touch areas in the centers and reduced class sizes to assist with social distancing.

Research has shown that in order for a child to be successful in school and life, they must begin with a strong foundation in learning. Gingerbread has designed a curriculum that includes an emphasis on reading, writing, science, math, discovery and exploration, as well as social skills development. The infant and toddler programs focus on the development of both gross and fine motor skills along with basic language development. The three to five-year-old Pre-School and Pre-K programs focus on academics, peer relationships and preparation for entry into Kindergarten and elementary school. The Gingerbread after-school programs, located onsite at Bentley, Frost, Hutchison, Hubenak and Arredondo Elementary, as well as onsite at the Gingerbread Kids' Academy and Gingerbread House, offer homework assistance, arts, crafts, games and sports.
